NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

It was almost like losing an old friend Tuesday morning when we read in Mrs. Elmer Joiner Fairview News that the Fairview Baptist Church would be no more.

While we did not attend services in this church we still feel close to it since we have followed the happenings of the church along with Mrs. Joiner in her weekly newsletter. Probably the highlight of this was the time the coons got in the attic of the building.

We were also associated indirectly with the church when a former employee of ours, Rev. Doye Combs, was pastor at Fairview.

We join with others of the area in expressing our regrets at the dismissal of this long-time institution. We don't feel that the Church is a victim of progress for we find it hard to believe that the loss of our rural communities is progress.

We feel that is just another of the ravages of time that are not necessarily good but just unavoidable.

We are glad that the building will continue to be used for a church. It has been donated to the First Baptist Church here and will be moved into town for the Mexican Mission.

The following letter was brought in to the office by an employee of Holiday Lodge. It expresses the appreciation of at least one of the residents for the fine job the Lodge is doing for our Senior Citizens and for the community as a whole.

"After a good night's rest in a nice clean bed, early in the morning someone, dressed in a white uniform, quietly opens your door, turns on the light, then turns up the heat, and says time to get up SUGAR.

"There you have just what you need, hot water, clean towels, wash cloths and Dove soap.

"After the use of all these, off to the dining room, where you are served hot biscuits or toast, two pieces of crisp bacon, a generous helping of scrambled eggs, choice of cereal, jelly, a glass of orange juice, coffee, tea, milk or iced water.

"Where would you find a place like this in Hamlin except Holiday Lodge. With its kind, handsome manager, several RN's to keep us well; three different shifts of helpers, each so fresh and pretty in their white uniforms, and so attentive and helpful to every one; and we couldn't forget our dietitian who really knows how to plan, cook and serve a meal; our tall handsome janitor who finds our pins, needles, etc., that we old ladies drop during the day.

"And tonight Santy is coming and I'll bet you everyone of us receives a present."

A Patient

Mrs. Fred Smith, primary school principal, called us and asked us to try to help them with their dog problem.

As with anyplace with young children, the school is long on dogs — big ones, little ones, gentle ones and mean ones.

Mrs. Smith would like the cooperation of dog owners in keeping the dogs at home. If they know the owners they try to get the dogs sent home but they don't know what to do with the others as they would rather not have to have the dogs destroyed.

So if you have a dog please do yourself and your school a favor by keeping him at home and avoid the possibility of hurting some child.

The Pipers will open up their District 5-AA basketball season Tuesday night by traveling to Stamford. The Piperettes will not open theirs until the following Friday as they host Haskell.

We wish both of these teams the very best in their efforts to capture their respective crowns.

We would also urge all of the local fans to get out and support these teams. They need your encouragement and you will see some real good basketball played.

OLD LANDMARK TO BE MOVED—The Fairview Baptist Church building will be moved soon from its present location on top of the hill about eight miles southeast of Hamlin. The church, organized in 1888, voted to disband and give the building to First Baptist Church of

be used as the Mexican Mission. Services were held in the Fairview Church for the last time Jan. 1. The present building on the Mexican Mission site will be moved to make way for the Fairview building to be placed in the same location.

WTCC Small Town Task Force Mails Out Questionnaires to Cities

Mayors, chamber of commerce presidents and chamber of commerce managers of more than 300 towns in West Texas have received a questionnaire from the Small Town Task Force of the West Texas Chamber of Commerce, according to C. L. Cooke, chairman of the Task Force.

"Towns without a mayor or a chamber of commerce were omitted from the first mailing but may request copies of the questionnaire from the WTCC office in Abilene," Cooke said.

The purpose of the wide mailing is to fully cover the West Texas area in which the study is being made by the Task Force. This study group is looking at the problems, assets and potentials of West Texas small towns with less than 12,000 population.

Pilot studies have been conducted in fifteen small towns in the area. These towns have completed the questionnaire and submitted it to the Task Force.

The next step in this study is the holding of hearings on various subjects vital to the proper analysis and solution of small town problems. The first of the hearings will be in Tulia

on January 19. The subject of the hearings will be "The Responsibility of the Metropolitan Area to Develop the Small Towns in Their Spheres of Influence".

Wendell Mayes, Jr. of Midland will lead the first hearing and will be assisted by Bill Collins of Lubbock, E. H. Danner of San Angelo and W. Edmund Notestine of Amarillo.

Specialists in various fields will testify at the hearings and testimony will be heard from representatives of the small towns.

The second meeting will be held the following day, January 20 in Lamesa. The subject of the second hearing will be "The Industrial Potential of the Small Communities". Chairman of this meeting will be W. G. Marquardt of Fort Worth.

Mrs. O. L. Jenkins had as Christmas guests her son and family of Lorenzo, Rev. and Mrs. John C. Jenkins, Jarrel and Jana, her daughter and family, Mr. and Mrs. Earl Kiser of Plains, and her grandson and family, Mr. and Mrs. Mike Bond, Debbie and Keith of Taylor.

Many Exes Home for Holidays

By Tommy Oliver
Beth Craig
Helen Moore

H.H.S. opened its doors Tuesday morning for the return of Hamlin's students after their twelve day Christmas holiday. Many people went out of town over the holidays but there were many more who returned home.

Many of those returning home for the holidays were Hamlin college students. They were: Elizabeth Cunningham, Connie Duncan, Mary Lois

Patterson, David Drummond, Jack Townley, Gary Hester, Johnny Snapp, Hardin-Simmons; Marilyn and Carolyn Reynolds, Mike Smith, University of Texas; Mary Margaret Turner, Christie Wallace, Mike Bachelor, Baylor; Gary Caudill, Allen Cumbie, Pat Bachelor, Jan Albritton, Baylor; Gary Caudill, Johnny Overman, McMurry; Robert Pearce, Cisco Jr. College; Holman Jones, Jr. College; Donna, Donna Compton, Cynthia Stephens, Texas Tech;

FAIRVIEW NEWS...

By Mrs. Elmer Joiner

The new year has come and gone, so all of the holidays are over, hope everyone had a wonderful time and ready to start another year. The greatest need, right here, for the new year is a good rain, if we could just get that everyone would feel so much better. The wheat is looking worse and worse. If it doesn't receive some moisture soon it just won't be here. Wouldn't a big snow be wonderful, now that all are at home again and back to work?

Word has been received here of the death of Roy Bristow, San Angelo, Sunday morning. Mr. Bristow was a former resident of our community, having several years ago. No details were learned, but he was to have been buried Tuesday morning, supposedly in this city. He is survived by his wife and two children of the home, also a married daughter, Rosemary, of Big Spring. Rosemary's mother was the former Myrtle Dutton, who passed away just a few years after she and Mr. Bristow were married.

Visitors in the Winson Gray home last Monday were Mr. Gray's cousins, Mr. and Mrs. Arnold Cogburn and Katie Sue, of Happy.

Boyd Henry, who is a teacher in the Bellville schools, spent two nights last week with his grandparents, Mr. and Mrs. E. A. Henry.

Mr. and Mrs. Reed Lockhoof, of Denton, spent last week with her parents, the H. L. Fords. Tuesday night all of the family went to Abilene to have supper with another daughter, Mr. and Mrs. John Rackler.

Mr. and Mrs. Woodrow Goodwin went to Spur, last Friday, where they visited with his sister, Mr. and Mrs. Archie Hogan, then on to Crosbyton to visit another sister, Mrs. Winnie Hale and son, Goodwin.

Linda Goodwin stayed home Friday, so two of her cousins, Bob Zeigler and Kelly Hogan, from up Crosbyton way came to visit. Mama not being home to cook dinner, she had to take them out and feed them.

Mrs. Price Amerson was a Sunday afternoon visitor of the H. L. Fords.

Buck Joiner and son, Jerry came down from Odessa, Sunday, spending the night with his parents, Mr. and Mrs. Elmer Joiner. They returned home Monday afternoon, after visiting with Mr. and Mrs. Charlie Durham.

Mrs. Woodrow Goodwin and Mrs. Winson Gray visited with the Drake family Monday afternoon.

All of the preceding news has just been whistling in the dark, hating to tell the news upmost in all of our hearts today, the sad news that Sunday Jan. 1, was the last services for the Fairview Baptist Church. The church has been donated to the First Baptist Church at Hamlin, where it will be moved and used as a Mexican Mission. The building now being used will be moved and the Fairview Church house will be put on the same place. Plans at this time are for the moving to be started by the last of the week.

Fairview Baptist Church was organized in 1888, with just a few members, one of the charter members being Mrs. E. A. Ishill, who was the mother of Mrs. Johnnie Agnew. The house was built on a site about one and a half miles northeast of the present one. In 1906 it was decided to move the church to the little country town of Abbie, the building being moved by teams, by Mr. Sam Crawford, who is a retired house mover living in Stamford, at this time. The California creek was crossed at that time and that was still the problem at the present, but if Mr. Crawford could do it sixty one years ago, surely

it can be gotten across it again with modern machinery.

As all rural communities have gone with newer methods of doing things, so did ours. Where a thriving community once surrounded the church, only an occasional house can be found, and our dear old church with left standing all alone, with such a few members left that it became evident that we could not continue to carry on, so we had to do the only thing we could, just as so many rural churches are having to do.

About the only consolation we have is that our building will be used for the Lord's work, and we do hope that our Latin American friends will learn to love it as we do and that their work will grow. Wouldn't it be wonderful to see our church come back to a great church again?

The Fairview folks will not give up, we will get into some other church, times change and we have to change with them, but it will be a long time before we quit talking about Fairview.

College students celebrate Christmas in much the same way we do. In the dorms there are dorm parties and trees. Many dorms are decorated with lights on the outside and the dorms collected gifts for rest homes, childrens homes, and the School for the Deaf. At Texas Tech all the students gather around the "Tower of Light" and sing Christmas Carols.

The local members of the FFA and 4-H Club are preparing for the Hamlin community livestock show. The Hamlin Jaycees are sponsoring the show which is to be held January 7, Saturday. Any

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin — Come Tuesday, Texas legislators will be back in session at the state capital. Pressing money matters and certain new taxes head the "worry list" confronting the lawmakers. But a board montage of other problems on the agenda promises an interesting high-voltage session. It is sure to be one that will continue through the full 140-day period and may even go into extra sessions.

Gov. John Connally in his "state of the state" message to the solons later this month will outline spending recommendations which will require more than \$100,000,000 in new taxation. Included will be his own \$911,500,000 budget.

Numerous tax proposals are expected to be offered. These include expansion on the sales tax, a one-cent-per-gallon tax on gasoline, a franchise tax and many other proposals.

Growing cities, with financial problems of their own, will occupy much of the Legislature's attention. Mayors will play for a one-per-cent local option city sales tax. (Governor Connally prefers a rebate of gasoline tax revenues for street purposes.)

While most legislators apparently are prepared to vote for new taxes, few indicate they will support a \$44,000,000 raise in state college tuition.

Headline topics before lawmakers this year will include:

Teacher pay raise — teachers want raises ranging from \$61 to \$106 a month. This would cost the state some \$68,000,000 a year. A majority of lawmakers are committed to some form of increase. Connally is expected to recommend much less.

Constitutional revision — the governor and the State

three-fourths of the senators and representatives figured that new taxes will be in order for the 1967 session. But there was no unanimity as to what kind of taxes.

Only one senator — Henry Grover, Houston Republican — said he would vote for few or no more taxes. No member of the House said he would vote against new taxes. However, several legislators did say they were undecided.

Governor's Garden — A statewide campaign has been launched for funds to convert the ground around the Governor's Mansion into a garden area.

Mrs. Perry R. Bass of Fort Worth is chairman of the Mansion Subcommittee of the Texas Fine Arts Commission. She says plans call for a formal rose garden with colonial arbors, a gazebo, pools and fountains framed and surfaced with brick patios and retaining walls.

Mrs. John Connally assisted a Dallas firm in drafting plans for the garden. Project was approved by the Fine Arts Commission and members of the Texas garden clubs have pledged their help with the fund-raising. Contributions may be mailed to Mrs. Connally at the Mansion in Austin.

The Mansion has been the official residence of Texas governors since 1856.

Oaths Taken — Atty. Gen. Crawford C. Martin and several members of the judicial branch of Texas government had to work Sunday — they took their oaths of office at the Supreme Court Building on the Capitol grounds.

Judges John F. Olson Jr., Wesley Dice and Ernest Belcher took their oaths as judges of the Court of Criminal Appeals. Dice and Belcher had served as commissioners to the court until a Constitutional amendment passed in November made the court a five-member body. Governor Connally is expected to name one of the five as chief justice this week.

Associate Justice John C. Phillips of the Third Court of Civil Appeals in Austin took the oath of chief justice of that court.

Appointments — Attorney General Martin has announced these heads of divisions within his office:

Enforcement — Bob Lattimore, Hidalgo County District Attorney.

Highways — Watson Arnold of Waco.

Bonds — John W. Painter of Austin.

State and County Affairs — J. C. Davis (holdover).

Taxation — John Grace of Austin.

Insurance and Banking — Sam Kelly of Austin.

Oil and Gas — Houghton Brownlee Jr. of Austin.

Water Division — Roger Tyler of Austin.

Opinion Committee — Hawthorne Phillips of Harlingen.

Stevenson Honor Due — A Texas historical marker will be erected in Junction soon honoring former Gov. Coke R. Stevenson.

Marker is the third in the "modern Texas statesmen" series being erected by the Texas State Historical Survey Committee. Earlier markers commemorated public service of former Govs. William P. Hobby and Allan Shivers.

Stevenson, born March 20, 1888, was the first Texas governor to serve more than two terms (1941-47). He is a lifetime resident of Kimble County.

Whitman's Insurance — Group Life and Health Insurance Company of Dallas has asked a district court to rule who should receive the benefits of a \$10,000 life insurance policy on the late Kathleen L. Whitman.

She was the wife of Charles J. Whitman, the UT Tower Sniper.

Mrs. Whitman was stabbed to death by her husband before he began his shooting rampage on August 1. Numerous claims have been filed against Whitman's estate as a result of his shooting spree. He had been named beneficiary under his wife's policy.

Insurance company is ready to pay but wants the court to say — to whom.

Airport Aid — Increased responsibility for the development of Texas air-transportation systems will be placed on the state government, says Charles Murphy, director of the Texas Aeronautics Commission.

This because the federal government is reducing its aid.

Murphy made his statement after studying details of the federal aid program for 1967 as announced recently by the Federal Aviation Agency. Allocated was \$72,500,000 in matching funds for improvements at 341 civil airports. That's \$12,000,000 less than

in 1966. Of that total, \$5,600,000 will be available to 29 cities and towns in Texas. "It has been obvious for some time that the federal government will concentrate on giving assistance for the development of airports in cities that are linked with the

national air commerce system and is withdrawing support from such cities that are not in the national air commerce plan," Murphy said. Short Shorts George Christian, White House press secretary and longtime aide to Governor

Connally and former Gov. Price Daniel, is recuperating here from back surgery to correct an ailment from which he has long suffered. Twenty-two prisoners on death row in Huntsville prison are under indefinite stays of execution on orders of federal

courts, the Board of Pardons and Paroles reports. U. S. Department of Agriculture said scattered rains recently relieved dry conditions in the eastern half of Texas, but more moisture is needed for small grains and winter pastures.

SYLVESTER NEWS...

By MRS. R. M. BABB
Here it is 1967 and I hope every one is planning a big year and can accomplish every thing they plan.

I feel that this year will be good to me. I started it on Sunday by attending Sunday School and Church for the first

time in over five weeks. I really enjoyed every minute of it.

Mrs. J. E. Tindal had visiting in her home over Sunday Mr. and Mrs. Guy Mauldin, Mr. and Mrs. A. J. Ford of Sylvester, Mr. and Mrs. Oran B. Mauldin of Abilene, Mr. and Mrs. Harold Mauldin of Clyde, Mrs. Hazel Mauldin of Stephenville and Mrs. Alleen Stevens of Marshall, Texas.

The report I had this morning was that Ernest Kiser is ill in Ft. Worth and having to see the doctor. We hope he will soon be able to come home.

It has been nice having many youngsters home over the Holidays. They all return to school Monday.

Just been watching the Rose Bowl Parade and will have to admit that it is really pretty. I am sure it was lovely on colored T. V.

I am sharing the new year in the wrong way with very little news but maybe I will

be able to get out and find out a few things. I am still hoping to get my arm out of the sling so I can do a few things for myself.

Have a good year and try being good to some one each day!

LONG DISTANCE RATES NOW REDUCED

on most station-to-station calls within Texas

ON January 1, long distance rates were reduced on most station-to-station Long Distance calls within Texas.

The reductions, which apply on most calls of more than 56 miles, vary from 5 to 15 cents for three minutes, depending on the distance. Reductions are even greater for calls over three minutes.

Users Help Make Cuts Possible

In addition, all station-to-station calls within the State of Texas which are made after 8 p.m. and all day Sunday get the lowest night rate—a maximum charge of 80 cents, plus tax, for three minutes to any point in Texas. In the past, only station-to-station calls which were prepaid (charged to the number placing the call) and credit card calls got this low rate.

Much of the credit for making possible these reductions in Long Distance rates goes to telephone users themselves. The cooperation of customers in placing calls by number, using area codes, and taking advantage of Direct Distance Dialing where it is available has helped to make possible the operating economies that led to the reductions.

Tenth Reduction Since World War II

This is the 10th reduction in Long Distance rates for Texas telephone users since the end of World War II. In this time when almost all prices are going up, we are glad to be able to reduce the cost of telephone service and bring these savings to our Texas customers.

Telephone service in Texas is a bigger bargain than ever before.

OLD GLORY...

By Judy White
New Years Day 1967 dawned bright and clear last Sunday morning, though some farmers may have felt a good rain for their wheat would have started the new year off better for them. One-tenth inch was measured here on Tuesday of last week when light rains fell. This brought the total rain fall for 1966 to 30.55 according to our unofficial measurements.

Old Glory basketball fans are reminded that games scheduled for the week of January 8-14 are two District games. On Tuesday night, Jan. 10, Old Glory will play Rochester there. Friday night, Jan. 13, we will play Paint Creek here in the local gym.

Mrs. Lynn Flowers visited

her brother, Ollis Macon of Rule, who is a patient in Hendricks Memorial Hospital in Abilene after undergoing surgery on Wednesday of last week.

Cynthia Letz, a student at Texas Lutheran College in Seguin, spent the holidays here visiting her parents, Mr. and Mrs. David Letz. Cynthia became ill while she was here and was a patient in the Hamlin Hospital for several days.

Judy Sander spent several days in Abilene after Christmas visiting in the home of her sister and her husband, Mr. and Mrs. Jimmy True.

Mrs. Bernice White and Judy, Mrs. Ben Klump, and Francell Boles visited the V. R. Leveretts and other friends in Abilene Thursday of last week.

Mrs. Adele Dudensing spent several days in Abilene visiting

Mr. and Mrs. Milton Dudensing spent the New Year weekend in San Antonio visiting their daughter, Marva Jean Dudensing.

The L. B. Boles family accompanied by Gary Moore visited in Sulphur Springs last week with Boles' son and family, Mr. and Mrs. Bobby D. Boles and children.

Visiting in the home of Mrs. Earl Brown during the Christmas holidays were her son and wife, Dr. and Mrs. Duane Brown, Berkeley, Calif.; Mr. and Mrs. Gordon Green, Driscoll; Mr. and Mrs. Ramon Elkins, David Elkins and Judy Plimmans, Arlington; Mr. and Mrs. C. T. Hubbard and son, Chris, Wellington; Mr. and Mrs. John Culp and sons, Mark and Paul, St. Louis, Mo.; Mr. and Mrs. Jerry Gassiot and children, Tracy and Scotty, Corpus Christi; and Mr. and Mrs. Albert Ray Brown, Dallas.
